# ADMINISTRATION FORCES ARE IN THE SADDLE ROBINSON BITTERLY ATTACKS G.O.P. PLATFORM

Democratic Convention Makes Robinson Permanent Chairman and Glass Head Of Resolutions Committee

BRYAN DENIED PLACE TO DRAFT PLATFORM

Wilsonian Enthusiasm Carries Convention by Storm During The Opening Hours.

McAdoo Strength is Said To Be Growing As Result Of Administration Victory.

(By Associated Press)

San Francisco, June 29.—Administration forces went into the second day of the Democratic National Convention apparently in full control of the situation.

Senator Glass of Virginia as chairman of the Resolutions Committee; William J. Bryan excluded from the sub-committee of nine chosen to actually draft the platform, while Bainbridge Colby, Secretary of State, sits as the representative of President Wilson; Senator Joseph T. Robinson of Arkansas, another administration supporter, chosen for permanent chairman, and administration men at the head of other committees was the lineup got out of what had promised to be a contest.

The threatened anti-administration fight, so far as it related to the organization of the convention machinery, collapsed without a showing.

At the same time, the committee formulating the rules for the convention has cleared the way for the nomination speeches to be delivered, while the Resolutions Committee is working on the platform.

From the dramatic moment yesterday when a portrait of President Wilson was unveiled in the great convention auditorium to let loose a storm of tribute from party followers on the floor, there seemed little chance for those who had set themselves in opposition.

The subsiding undercurrent of this demonstration ran through the deliberations of the committees. It was there with the collapse of the move to prevent the election of Senator Glass, a movement that had the backing of William J. Bryan.

The administration forces now have a strong grip on the machinery which will write the confessions of faith for the party's 1920 campaign.

Mr. Bryan has put forward the League of Nations plank on which he would have the convention stand. It declares for such reservations as are necessary to secure ratification and is in sharp conflict with the position taken before the convention by National Chairman Cummings in his keynote speech.

Mr. Cummings lashed at the attitude of Republican senators in the treaty fight, charging they had sought nullification, not reservations.

Whether Mr. Bryan, like a good trader, has asked more than he

(Continued on Page Three.)

"HOW ABOUT A WOMAN FOR VICE PRESIDENT?" THEY ASK

Delegation of Massachusetts women, mapped en route to convention.

"A woman for vice president,"

is the slogan of this group of Massachusetts women attending the Democratic convention. "We

want to know why it wouldn't be a good plan for the Democrats to nominate a first-class, brainy woman for vice president," they say.

They point out that such a move would win many of the women voters. Their sentiment is shared by some other delegates.

## SUPPORTERS OF M'ADOO ARE MUCH IN EVIDENCE

Perfect Working Organization And Get Busy On Convention Floor.

Dark Horse Talk Grows as Second Day of Convention Begins.

Fight Over Refusal to Seat Reed is Seen by Observers

(By Associated Press)

Auditorium, San Francisco, June 29.—Assembling an hour later than usual today the democratic national convention had before it only a routine session. A second keynote speech by Senator Joseph Robinson of Arkansas, the successful administration candidate for permanent chairman, was the principal event.

Prospects for a spectacular fight on the floor over the action of the Credentials Committee which sustained the National Committee in its refusal to seat Senator Reed, were hedged about with uncertainty.

The McAdoo people came on to the convention floor today for the first time with a working organization, including a floor leader and representative on practically every state delegation. Their problem was to find enough supporters to round up a two-thirds vote. Cox and Palmer forces were active in rounding up votes. Administration forces were in full control of the convention.

Inevitably there was discussion of dark horses and the leaders in the dark horse paddock are Vice President Marshall, Chairman Cummings and John W. Davis, Ambassador to Great Britain.

## GOV. COOLIDGE TO TAKE REST

(By Associated Press)

Boston, June 29.—Governor Coolidge will go to Vermont for his vacation, after his conference at Washington with Senator Harding.

## TROOPS SENT TO STOP RIOT IN MICHIGAN

Riot At A Religious Meeting Threatens to Become More Serious.

Attorney General of Michigan Also On The Scene at North Whiteford.

(By Associated Press)

Toledo, O., June 29.—A detachment of Michigan state constabulary today is on duty at North Whiteford, Mich., near here, where one man was killed and two others injured during shooting that followed a religious meeting Sunday.

Attorney General Groesbeck, of Michigan, also was on hand to help prevent further rioting. Reports that friends of the victims were planning revenge led to the call for state troops.

SENATOR ATLEE POMERENE

of Ohio, who stands squarely behind President Wilson on all issues, has been mentioned as good presidential timber.

## M'ADOO LETTER TO LABOR PUBLISHED

(By Associated Press)

New York, June 28.—A letter written by William G. McAdoo, in which he appeals to all labor organizations to exert themselves "energetically, intelligently and unitedly against the re-establishment of reaction in America" was made public here tonight.

## GEORGIA SENATE KILLS AMENDMENT ON WOMAN SUFFRAGE

Atlanta, Ga., June 28.—The proposed amendment to the state constitution giving women the right to vote was killed today in the Senate. The vote was 19 to 15.

Directs Heavy Fire Against The Republican Senators Who Fought Ratification of Treaty

SAYS DEMOCRATS ARE ENTITLED TO VICTORY

G. O. P. Platform "Jumble Of Evasions, Misrepresentations And Slanders," He Says.

(By Associated Press)

San Francisco, June 29.—Senator Robinson of Arkansas, permanent chairman of the convention, in his speech today assailed the republican party for its Chicago platform; for its disclosures of large sums of money in pre-convention contests and particularly attacked the republican senators who fought ratification of the peace treaty with the league of nations covenant.

"Tested by every standard which voters usually apply," said he, "the democratic party is entitled to victory in the coming campaign."

Comparison of the democratic and republican record, contrasts of political policies and of party leadership justifies the belief that the republican party will be driven from power in both branches of Congress and that complete control of the government will be restored to the democratic party in the November election, because that party has earned the public confidence.

The republican platform adopted at Chicago is an amazing jumble of ambiguities, inconsistencies, evasions, misrepresentations, straddles and slanders."

"Perhaps the most significant omission from the republican platform is in excessive use of money in federal elections. In spite of the general indignation aroused by the expenditure of more than \$1,500,000 in behalf of General Wood and almost a million dollars in behalf of Governor Lowden and nomination of a dark horse as the result, no mention of the subject is found in the Chicago platform."

## CAMP LANDS COME HIGH

(By Associated Press)

Columbus, O., June 29.—In a hearing before Judge Sater Monday afternoon the Federal authorities and Wm. R. Lowrey and his attorney agreed upon a price of \$12,084 for 61 acres of land taken over by Camp Sherman in its construction in 1917.

The land was taken by lease but when orders were issued to make Sherman a permanent camp, the land had to be purchased, but local authorities had never been able to agree upon the price.

## HARDING BACK AT HIS OFFICE

(By Associated Press)

Washington, June 29.—Senator Harding, the republican presidential nominee, was at his office today after a week-end spent at the country estate of Senator Frelinghuysen, at Raritan, N. J.

He expected to confer tomorrow with Governor Colvin Coolidge, republican nominee for the vice presidency, regarding speeches of acceptance.

## HARMONY MARKS STATE MEETING OF REPUBLICANS

Pre-Convention Get-Together Plans Expected to Prove Successful

Taxation and Economy Chief Planks of Party Platform.

Convention Formally Opens At Three O'clock And Lasts Two Days.

(By Associated Press)

Columbus, O., June 29.—Plans for limiting the state republican state convention to a one day affair, which appeared to be gaining momentum early this morning, were knocked into a cocked hat before noon today by candidates and leaders.

The convention, which was to have opened at three o'clock, will run over until tomorrow, leaders assert.

Chief pressure to prolong the gathering until tomorrow came from the candidates who are not to be cheated out of an opportunity to address the convention and lay their claims before the various county delegations.

Talk of withdrawals had died down today. The general belief prevails that none of the candidates will withdraw.

(By Associated Press)

Columbus, O., June 29.—Unless a movement, which appears to be gaining headway early today, is sidetracked, the republican state convention, which convenes at 3 o'clock this afternoon, may be only a one day affair.

If this plan prevails, the republican gathering will be closed with an old fashioned rally tonight, at which United States Senator James E. Watson, of Indiana, will be the chief orator.

Those encouraging the movement point out that the principal work of the convention—adoption of a platform and selection of presidential electors—can be accomplished within a few minutes, inasmuch as there appears to be no fight on the platform and the selection of the electors will be merely the routine of ratifying the district selection and naming the two electors-at-large, which it has been practically agreed shall be Harry M. Daugherty, Senator Harding's pre-

convention campaign manager, and William H. Boyd, of Cleveland, a Wood delegate-at-large to the national convention.

The chief planks of the platform, taxation and economy, have been tentatively agreed upon by party leaders. A taxation plank calls for adherence to the principles of the Smith one percent law, with a debt limitation and provisions for municipalities to exceed the limitation only to pay present indebtedness.

With Senator Harding maintaining a strict hands-off attitude, leaders were busy today trying to bring about a solution of the senatorial fight that would insure the nomination of either former Governor Frank B. Willis or former State Chairman Walter F. Brown, of Toledo, over Justice R. M. Wanamaker, of the State Supreme Court, who admits he is not in the good graces of the party organization.

The convention will formally open at three o'clock, with the keynote address by Temporary Chairman A. H. Johnson, of Ironton.

## WALLS FALL IN BUFFALO MANY DEAD

Several Bodies Are Removed From Ruins of Sutherland Hotel on Main Street.

Many Sleepers Thought to Have Been Crushed to Death In Debris.

(By Associated Press)  
Buffalo, N. Y., June 29.—Four persons were killed and many injured today by the collapse of the walls of the Sutherland Hotel, a lower Main street lodging house.

Eighty men occupied rooms in the building last night and the day clerk had no information as to the number of persons in the building when the crash came. The bodies of the four men taken from the ruins were unidentified.

## JURY IS AFTER WAR SLACKERS

(By Associated Press)  
New York, June 29.—Indictments against 2264 alleged war "slackers" were filed today in the Brooklyn Federal Court. Warrants are to be issued for arrests by the United States Marshal after elimination of about 50 percent who are believed to have entered war service without notifying local draft boards.

## DEATHS

### HIGHLAND

At the advanced age of 82 death summoned Mrs. Mahala Highland well known citizen of New Holland at her home Monday morning at two o'clock. Infirmities of old age were the cause of death.

She is survived by one daughter, Mrs. Mary Britton, of New Holland. Funeral services were held Tuesday afternoon and burial was made in the New Holland cemetery.

## INJURIES CAUSED BY FIRECRACKERS

Fragments of smoldering firecrackers in the grass are thought to have set fire to the dress of little eight year old Mary Frances Noble, daughter of Mr. and Mrs. Elmer Noble, Briar Avenue, and before the garment could be torn off, her back had been so badly burned that medical care was necessary.

The child was playing in the yard where firecrackers had been exploded only a short time before and she was sitting on the grass when her clothes burst into flames. Her cries quickly brought help and her life was saved by tearing off the blazing garments.

The child was able to be taken to a doctor where it was seen that the burns were not dangerous.

## SUPERINTENDENTS MEET HERE FRIDAY

The County Superintendents of Highland, Fayette, Ross, Greene and Clinton counties will meet in Washington C. H. Friday, to discuss further plans for the circuit teachers' institutes to be held in each of the five counties.

By means of having circuit institutes better speakers may be obtained, as they are engaged for the entire circuit, passing from one institute to another.

Any man can make a raise if he can get his hand on an umbrella. However, very few men are wise enough to render one word sufficient.

## Woman Thinks She Can't Talk Enough

"I had gall stones for 14 years and suffered severely from gas, colic and indigestion. Doctors wanted me to go to the hospital, but I took May's Wonderful Remedy instead, and am now feeling fine and better than I ever did. I can't talk enough about this remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary and Frank Christopher.

## J. P. STRONG

Prominent Real Estate Broker of Massachusetts

Boston, August 25—says, "I have

been in the real estate brokerage business for many years. I have suffered with loss of sleep, indigestion and nervousness, but since taking Argophosphate, I sleep better and eat with less fear of distress and can feel a great change in my system."

There is nothing in medical science that equals Argophosphate in the treatment of indigestion, rheumatism, nervousness, kidney and liver ills. Dispensed by Frank Christopher and all reliable druggists.—Advt.

## MANY ON WAY TO ATTEND MEET

(By Associated Press)

London, (By Mail)—Many bishops of the Anglican Church, including 12 from America, are already on their way from distant dioceses to attend the Lambeth Conference, which will

begin here early in July. This conference has met at intervals of about ten years since 1867, when Archbishop Longley, first invited all the bishops in communion with the Church of England to a conference at Lambeth.

The American bishops have already taken a prominent part in preparing for the conference, but, for some reason which is not very clear, fan unity.

**ADMINISTRATION**

(Continued From Page One.)

expects to get, and is willing to take less, is not clear.

The administration leaders, stimulated by the victories of yesterday, reiterated their confidence that no minority report on the treaty plank could carry.

Events so far have shown no marked reaction overnight on discussion of nomination booms. There seems to be a general feeling that prospects of Mr. McAdoo's selection had increased.

With a member of the President's cabinet in the race, in the person of Attorney General Palmer, and a former cabinet member, Mr. McAdoo, being urged just as vigorously, no candidate has yet been formally characterized as the choice of the President.

The convening hour of the convention today was one o'clock.

**KNOX SHERIFF FILES ACTION**

(By Associated Press)

Columbus, O., June 29.—Sheriff Walter Mosholder, of Knox county, brought suit in the supreme court Tuesday seeking redress from the action of the Knox county court of appeals in penalizing him to the extent of \$500 for refusing to pay over a sum placed in his charge through a common pleas court judgment and later placed under garnishment in attachment proceedings against the person on whom the judgment was taken.

**METHODIST BOYS RETURN TUESDAY FROM BIG CAMP**

Methodist Boys in camp at Crayville Park during the past week broke camp Tuesday and returned to this city with the report that they had had one grand and glorious time. While sunburns were plentiful this was the worst ailment afflicting the youngsters and the thoughts of the great dinners in the big mess tent and cool plunges in Deere creek more than offset any such unpleasantness.

Sunday was the big event of the week and in the evening mothers and fathers went out to spend an hour or two and to attend the Vesper service at 7:30 at which a real boy talk was delivered by Rev. K. B. Alexander, who was commandant at the camp.

It was a genuine success, the outing of more than 60 youngsters, and the manner in which it was handled by the committee, County Surveyor Frank M. Kennedy, Superintendent William McClain, and C. E. Lloyd, backed up by the Men's Bible Class of Grace Methodist Church, speaks volumes for the big heartedness of the members.

**SENSATIONAL SUCCESS IN 'BROKEN BLOSSOMS'**

"Broken Blossoms," the D. W. Griffith's special which has had such a tremendous run all over the country and has been shown in the foremost theaters of the large cities, is an attraction out of the ordinary at the Wonderland theater the first three days of this week, the last showing Wednesday night.

The story of "Broken Blossoms" Mr. Griffith adapted from a tale by Thomas Burke called "The Chink and the Child" which is part of that author's famous volume "Limehouse Nights." Around this story, and we speak from the opinions of dramatic critics the country over, Mr. Griffith has built the most alluring, yet pitiful, beautiful, yet tragic love story ever filmed. It has become habit, almost, to look upon a Griffith production as something more than a motion picture, yet even the most ardent admirers of the art of this master of the films did not dream of the wonders that he would reveal in "Broken Blossoms."

Lillian Gish as "The Girl" has reached a height of dramatic interpretation that brings to her the highest acclaim of her film career.

"Broken Blossoms" has created a furor through the country and has attained a very high measure of success, artistically and financially.

See the 1900 Cataract Washer Demonstration. Bryson & Hay. 152 14

**PATRIOTIC SERVICE ON SUNDAY EVENING**

First union church services will be held on the Court House Lawn at 7:30 Sunday evening with Rev. K. B. Alexander delivering the first sermon. It is announced by the committee that the services are to be of a patriotic

nature and will be featured with music by the Washington Band.

Words for the songs will be flashed on a screen by a moving picture lantern where they may be read by every one without the confusion resulting from song books being distributed.

Evening union services will be held on each Sabbath during the remainder of the summer and at an early date Congressman S. D. Fess will be the speaker.

An offering will go towards the fund for music.

**WEDNESDAY LAST DAY FOR REINSTATEMENTS**

W. H. Hyer, Insurance Officer of the American Legion announces that Wednesday is the last day for men who have been out of the service more than eighteen months to reinstate lapsed insurance. Those who have not been out of the service that long will be given to the end of that period for reinstatement.

Mr. Hyer will be in his office, at the Jamison Real Estate Agency on North Fayette street, to take care of reinstatements.

**GUILD KENSINGTON.**  
The Woman's Guild of the First Presbyterian church will be entertained at the home of Mrs. Robert Howat Wednesday afternoon at two o'clock. All women of church and congregation are cordially invited to attend.

**Tires Can be No Better Than the Factory Building Them**

That's no empty phrase either. It takes knowledge of raw materials, of machinery, of methods; and it takes the ability to bring all this knowledge together into a composite working unit to build automobile tires that render service. Such knowledge, of course, improves with experience.

Every tire represented in our line is a tire of demonstrated dependability. Old and tried makes, those that have won their present high place among tires by their delivered service; not promised but delivered. There are other good tires, no doubt, but YOU KNOW THESE ARE GOOD because the experimenting has all been done. They have years of satisfactory service and thousands of pleased users behind them.

In the tires in our line you not only have established reputations to recommend them to you, but you have all the tire knowledge we have gained in our years of experience at your disposal. Come to us next time you want to know about dependable tires, for that is the only kind we have.

City Editor, Automatic ..... 9701 Bell Phone ..... 170**We Grow—Better**

It is now, with more than half of the district enumerators' returns tabulated by the census department, possible to make an intelligent estimate as to the total population of "continental" United States.

That has been done and the experts in the census department, taking as their basis the story, now half told by the great adding machines, announce that our glorious nation, exclusive of Hawaii and the Philippines, will show a total population of about one hundred and five millions.

That is a little below what we thought it would be and a little less than it would have been but for the great world war and its consequent obstruction of the channels of immigration.

However, while we perhaps have fallen a little short of our expected total the reason for it and the benefit of it are not difficult to see.

The broad stream of immigration which had been flowing steadily from Europe was checked by the outbreak of the war. Thousands of naturalized foreigners whose hearts were in sympathy with their native lands left the United States for Europe—many of them have not returned.

We are bigger than we were a decade ago and we are much, much better because those who might have come to us from Europe were prevented and better too because of the going of those thousands who did not love America better than any other land.

Our disappointment, if we have any, in the smaller growth shown is more than balanced by the undoubtedly benefit our citizenship has sustained.

**The Blackberry Crop**

Hill country folks assert that the prospect for an unusually big crop of blackberries this season is excellent. The weather conditions thus far have been ideal and the condition of the berry bushes, heavy with what will soon, under favorable conditions, develop into the luscious berries of the market, testify to the benefits the wild and domestic plants have derived from nature's abundance of sunshine and showers.

Many urban folks who have journeyed into the romantic and beautiful hill country, either on business or pleasure, support the statements of the hill folks and tell enthusiastically of the prospects for blackberries.

The scarcity and high price of sugar may result in keeping the market price of berries down. Certainly, if we get the showers at just the proper time now within the next two or three weeks there will be no shortage hereabouts of blackberries, no matter how fast the householders, who know what good things to eat are and how to line the pantry shelves with "spreads" for winter evenings, take them off the dealers' hands.

**Law is Too Slow**

The need for reform in the legal machinery—need for more simple definiteness in expression, more certainty and speed in enforcement—is increasingly apparent every day.

The business world has adopted rules, for the conduct of its affairs which are in direct conflict with long established laws of commerce.

As a matter of fact the business world—that portion of it which is controlling the supply of necessities and fixing the price which the consumer must pay—is openly defying the long established legal rights of the consumer and the small dealer and the consumers and the small dealers must comply with the unjust rules prescribed because the legal machinery is too uncertain and too slow to furnish them relief from the oppression imposed upon them.

The supply and price controllers demand the most strict compliance with contract terms by the consumer and small dealer and assume no obligation themselves which can be enforced. One way contracts—all in favor of the few, who have cornered the necessities—are the universal rule. The commercial law of the land has been turned squarely around and instead of mutual obligations protecting the rights of all parties we have the new code of laws framed by the business world controllers enforced with speed and definiteness by the big dealers.

**POETRY FOR TODAY**

## LOW TIDE

On what far shore break now those mighty waves  
Of courage, faith, impassioned loyalty  
That surged around us like a mighty sea.  
A few short months ago? The tide which laves  
The lands with blessing, and a nation saves  
From low self-seeking and vain sophistry,  
Has gone far out; hopes, like the sea's breath, free  
And vigor bearing, die. How the land craves  
Once more the flood-tide of the joy it knew,  
When honor was of every thought the crest,  
When valor was the breath that stirred the soul!  
And yet despair not; ocean shall renew  
Heath and delight to land, at God's behest—  
Truth, with regathered strength, shall backward roll!

—New York Times.

**RUMANIA AFTER LOAN IN AMERICA TO MEET EMERGENCY**

(By Associated Press.)

Bucharest, (By Mail)—Rumania is seeking to place a loan in the United States and wants to give as security her six per cent national bonds, without lien on her forests or her oil properties.

According to Le Progres the country's most pressing problem is the reorganization of finances, which are in a confused condition, partly due to the dumping in Rumania of several billions of Austria-Hungarian crowns, Russian and Ukrainian rubles and other worthless moneys. Within the past ten months the value of the lei has decreased from ten to the dollar to 55.80 to the dollar, according to the fluctuations of the market.

This depreciation is also due, it is stated, to an illegitimate influx of paper money from Germany. During the German occupation, the Germans established the General Bank of Rumania and issued large quantities of paper money bearing the name of this bank. It is suspected that since the armistice, the Germans have smuggled into Rumania more of this money printed up in Germany.

Le Progres states that at the beginning of the war the Rumanian national debt was only 500,000,000 lei and that now it is more than 30,000,000,000, with no means of estimating the exact amount of the paper money in circulation. The standard paper money of the country at present is that issued by the National Bank of Rumania.

In June, paper money printed in the United States will go into circulation and all other moneys will be withdrawn, it is believed, through the Rumania government, since it has taken over the new provinces of Transylvania and Bukovina and Bessarabia where crowns and rubles are in circulation, has not yet decided how it will solve note circulation problem or what value will be given to these old moneys.

## Of Course You Are Exacting When Buying Food

Unconsciously you demand that the food you buy for the family must be good, wholesome, fresh and PURE. It would be unwise indeed not to do that.

But there is one item of food which demands more attention than generally supposed. The item of Milk is, perhaps, not given the thought it should receive, or even the thought given to other items even.

In hot weather especially it is wise to know about the purity of Milk. Because of this we tell folks why our Milk is pure—why it is the purest you can obtain.

Our milk is pure because we make it so. It is pasteurized and contained in sterilized bottles. Ours is the ONLY MILK IN WASHINGTON THAT IS PASTEURIZED—and state health authorities say pasteurized milk is the only milk safe to use.

ONLY PASTEURIZED MILK  
IS SAFE TO USE

**CLOVER LEAF DAIRY**  
(Washington's Only Pasteurized Milk)

Mr. Charles Clark was down from Columbus spending the week end with his parents, Mr. and Mrs. James M. Clark.

Mr. and Mrs. G. Damon Baker are announcing the birth of a son, at their home on Washington avenue, Monday afternoon.

Paul Streyer left Monday evening for Madison, Wis., to attend the summer school of the University of Wisconsin.

Miss Carolyn Willis left Monday evening for Chicago, where she will be instructor of Kindergarten in the Arden Shore Community Camp, on Lake Michigan just outside of Chicago, for the summer.

Mr. and Mrs. Clarence Palmer and daughter, Mary Elizabeth, of near Millidgeville had as their Sunday guest Mrs. Arthur Bachely and son Floyd and Miss Grace Turner of Jamestown, Mr. and Mrs. S. C. Zimmerman, Mr. and Mrs. E. Zimmerman and daughter Ala and Mr. and Mrs. H. W. Zimmerman, of Jeffersonville and Misses Gladys and Ethel Palmer.

Mrs. Clark Crawford gave a pretty birthday party Monday afternoon in honor of the sixth birthday of her daughter, Virginia June Crawford, at the home of her aunt Mrs. Jos. Ogan on Oakland avenue.

# DEMOCRATS STAND BY PRESIDENT

Administration Forces Win First Test of Strength With Bryan By Electing Carter Glass as Chairman of Resolution Committee.

Adjournment Taken Until Tuesday and Committees Get to Work.

(By Associated Press)

San Francisco, June 28.—Senator Carter Glass of Virginia was unanimously elected chairman of the Committee on Resolutions when the committee met for organization tonight. There was no opposition.

Senator Walsh of Montana seconded Senator Glass nomination for the chairmanship.

The first test of strength proved the claim of the administration forces that they were in control of the situation and they contended it forecast further control in the framing of the platform. Senator Walsh was understood to have the backing of William J. Bryan.

(By Associated Press)

San Francisco, June 28.—During its one brief session today, the Democratic national convention heard the keynote speech delivered by national Chairman Cummings and delivered several prolonged demonstrations for President Wilson.

When adjournment was taken until tomorrow, after a three hour session, the real work of the convention began among the committee delegated to write the platform, decide appeals of con-

testing delegates and select a set of permanent convention officers.

Mention of the league of nations also aroused prolonged outbursts of approbation and the convention adopted unanimously a message of congratulation and admiration to the President.

Aside from the keynote speech, today's meeting was given over to routine. All committees held meetings today.

Fights over prohibition, the league of nations and Ireland promised to prolong the task of writing the platform. None of these questions came sharply to the surface during today's convention session.

On motion of Governor Gardner of Missouri, the convention unanimously directed Chairman Cummings to send to President Wilson a message of their appreciation and greeting. The telegram said in part:

"For seven of the most fateful years in the history of our country, Woodrow Wilson has occupied, and by his character, learning and power has adorned, the highest office of the gift of his countrymen."

"He has initiated and secured the adoption of great progressive measures of immeasurable value and benefit to the people of the United States.

"We deeply resent the malignant onset which you have most undeservedly been called upon to sustain from partisan foes which judgement is warped and whose perceptions are obscured by a party malice which constitutes a lamentable and disgraceful page in our history."

## MOTOR "GOES BAD" HERALD HELD UP

When the large motor used in furnishing power for the Goss Comet Press upon which The Herald is printed, suddenly ceased to run but poured forth a volume of smoke, Tuesday morning, it was found impossible to finish the run of the morning edition for part of the rural routes until another motor had been installed several hours later.

As a result of the motor being "shot" subscribers on several rural routes will miss the Tuesday morning issue. This is the first omission in five years—pretty lucky.

## GRANT DITCH

The Commissioners of Fayette and Greene counties met at the head of the Sullivan ditch, in Green county, Tuesday morning, and granted the petition for improvement of the ditch. R. D. Williamson of Greene county is president of the joint board, and Elmer Junk secretary.

## NURSE SHORTAGE BECOMING ACUTE

(By Associated Press)

Buffalo, June 29.—Unless some remedy is found for the acute shortage of nurses, many hospitals of the country will be compelled to curtail their operations, asserts Mrs. Annie L. Hansen, superintendent of the Buffalo District Nursing Association, in her annual report. A recent campaign to induce more young women to take up the profession of nursing was a failure, Mrs. Hansen said, and as a result one Buffalo institution was compelled to close one of its departments.

Hospital training schools of the United States have reached a high state of efficiency and new hospitals and new systems for nursing the sick in their homes are arising everywhere," Mrs. Hansen said, "but the necessary pupils fail to appear. The country needs another Florence Nightingale."

## NEW YORK DELEGATES FAVORS BEER PLANK

San Francisco, June 28.—In the face of "gag" rule charges, the New York delegation to the Democratic convention today adopted a resolution urging a national platform plank for modification of the Volstead act to permit use of light wines and beer in the home.

The resolution was introduced by Norman E. Mack, national committee man, and was supported by Miss Elizabeth Marbury, a delegate at large who subsequently was elected national committeewoman.

## OFFICERS FIND QUEER MIXTURE NEAR THIS CITY

*Sheriff and Deputy With Anti-Saloon League Man Seize Over Eighty Gallons of What Owner Says Is "Hog Feed."*

*Investigation Turned Over To the Federal Authorities Who Will Make Roundup of all Involved —Copper Kettle Part of "Find."*

Just hog feed or prospective "raisin jack?"

That is the question Sheriff N. B. Hall, Deputy Sheriff A. C. Nelson and F. E. Evans, Anti-Saloon League man of Columbus are trying to solve following the finding, Monday evening, of two barrels whose contents were of suspicious character, in the backyard of Harry Karney, on the McCoy road, south of this city.

Armed with a search warrant the officers of the law went to the Karney home about six o'clock Monday evening and started their investigation. Two barrels were sitting in the yard back of the house and the liquid in these containers had a peculiar odor when the officers peered into them. A sack in one of the barrels contained ground meal.

Karney, it is stated, was questioned regarding the "find" and he claimed it was hog feed. He later stated, according to the officers, when told that a prison term might be staring him in the face, that the stuff had been brought to his home by relatives when he was in the field plowing corn and that therefore he knew nothing of its contents.

An affidavit for the man's arrest was not served pending investigation by the Federal authorities, to whom the find has been turned over.

The finding of a copper kettle on the Karney premises has led to the belief that it might have been used in connection with the "mash" in the barrels. F. E. Evans, Anti-Saloon League agent who is conducting the investigation says he expects some interesting developments to come.

Sheriff Hall is of the opinion that the "wet goods" which has been in evidence in this city for several weeks had been produced through a home operated still, located either in this city or nearby, and believes that a thorough investigation may bring some rather startling disclosures.

Meanwhile the entire affair has been turned over to the Federal authorities who will go to the bottom.

## "WET" CANDIDATE FOR THE PRESIDENCY CHRISTENS FLYING BOAT WITH REAL BOOZE

Governor Edwards, with bottle of champagne in hand in cockpit of flying boat before christening.

Gov. Edward L. Edwards of New Jersey, who is openly for "beer and lots of it," recently officiated at the christening of the largest flying boat in America. It was the "Aeromarine," launched at Keyport, N. J. It accommodates ten passengers. Real, honest-to-goodness champagne was used to christen the craft. With Governor Edwards in the cockpit of the Aeromarine is I. M. Uppercu of the company.

### LEAVES MONDAY FOR WEST POINT

Upon an appointment received last February through Congressman S. D. Fess of the Seventh Congressional District, Clark McDole, 19, only son of Mrs. Jennie McDole, Temple street, left Monday morning for West Point Military Academy to enter as a cadet. McDole passed the required examinations in April and only a few weeks ago received orders to report for entry into the Academy before twelve o'clock July 3rd.

For the past six months McDole has been employed as shipping clerk at the American Railway Express offices and resigned last week. He is a graduate of Washington High School, class of 1918, and was enlisted in the Students Army Training Corps at Ohio Wesleyan from where he was discharged December 19th, 1918.

### ENTHUSIASM HIGH AT JEFFERSONVILLE

Complete reorganization of the Jeffersonville Baseball Club has been made and the Tigers have scheduled a series of fast teams for the remainder of the season. J. H. Hopkes is manager and Robert Tudor is advertising manager.

Two games have been scheduled for the 4th and 5th of July. On Sunday the Bainbridge nine goes to Jeffersonville while the holiday observance of the 5th will be the occasion for the Springfield All-Stars.

Baseball enthusiasm is running high at Jeffersonville as the result of the great game staged with the Washington Athletics last Saturday afternoon when the Tigers were defeated by one run and the fans are going to the limit to have a first class diamond aggregation.

### COMPLAINTS FILED OF UNUSUAL STYLE

Many complaints have been registered by property owners in police court against the practice of persons permitting their cows to graze at will and very often in some one's lawn in the suburban districts of the city. So many persons have asked relief from this nuisance that Chief Moore has issued a statement to the effect that people tethering their cow with ropes on the sidewalks and allowing them to graze in neighbors yards must discontinue it.

The complaints have been of a very unusual nature but the Chief states prosecution will follow if it continues.

### TAX COLLECTION

At the close of business Saturday evening County Treasurer David Whiteside reported a total tax collection so far of \$48,622.90.

Collections are beginning to increase daily as the time the books are open stands along.

### BEAR OIL

For Your Hair

You never saw a bold Indian—They don't use perfumery. For ages they used bear oil when they were hunting in the fields, meadows and forests of Nature. A valuable formula is now available for hair and scalp. Astonishing success in overcombing hair; and inducing NEW GROWTH in many cases when all other methods have failed. A money-refund guarantee. For men, women, children. Even babies. Bear Katalko at the drug store, or send 10 cents for sample bottle and money-refund guarantee.

John Hart, Brooklyn, N.Y., New York.

### RELIEF

For Ford Drivers.—We have installed an instrument to recharge your weakened magneto. Weak magnetos are the cause of 95 percent of your Ford troubles. Drive you car around to

### THIS GRL SAVES DROWNING BOYS

Chillicothe, Ohio, June 29—Marie Thatcher, 14 years old, saved Allen Thatcher, 16 years old, her brother, and Paul Oberer, 12 years old, from drowning Monday. The Oberer boy was seized with cramps and began to drag Thatcher under. The girl swam to them and the boys grabbed her.

Knocking them loose, she seized them by the hair and towed them to shore.

"My brother will never go bathing unless I go with him," the girl said as she administered first aid treatment.

## K. of P. Dance

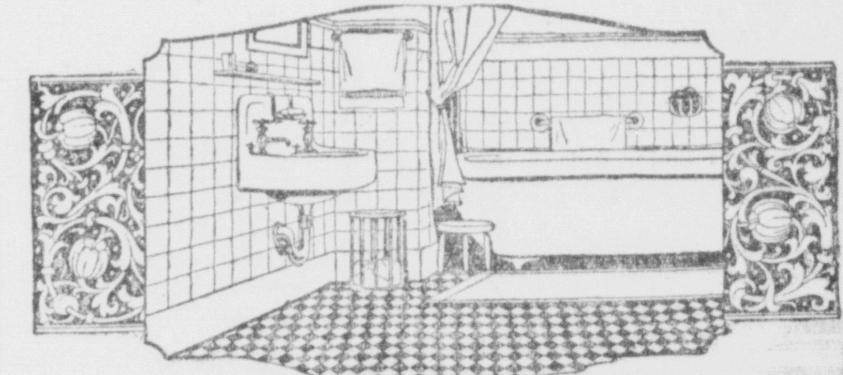

Last this Season

### WEDNESDAY NIGHT

June 30

Dance as long as you like.

Harvey's Orchestra. Admission \$1.10; Ladies Free.

### Ideal for Bathrooms

SPLASH to your heart's content, without fear of ruining your floor, if it is covered with Sanolin. It's waterproof, will not rot, easily cleaned, thoroughly sanitary and a great labor-saver.

Sanolin always lies flat on the floor, will not "hump up", crawl nor curl at the edges. It's easy to lay—no fastenings of any kind required. Neither cold or heat affects it; will not crack. It is far the best inexpensive floor-covering on the market. Enough Sanolin to cover even the largest bathroom floor costs very little.

Because of Sanolin's extraordinary flexibility and greater wearing surface it is exceptionally durable. In fact, it will outwear any printed linoleum.

Sanolin is made in many charming patterns for bathrooms, kitchens, living rooms, dining rooms, halls and bedrooms.

Sold with a guarantee of satisfaction.

**PENNSYLVANIA RAILROAD HAS IDEAL CROSSINGS**

Special Communication, Wednesday June 30th 6 p. m. Work M. M. 3 candidates. Refreshments. All regular Master Mason welcome.

W. N. HAY, W. M.  
FRED D. WOOLLARD, Secy.**END OF EIGHT YEARS MISERY**

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—The doctor said I had an organic trouble and treated me for several weeks.

At times I could not walk at all and suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid effect.

I can now do my house work and my washing. I have recommended your Vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial.

Mrs. TERESA COVENTRY, 75 Burnett St., Newark, N. J.

You are invited to write for free advice.

Nothing was done in the work unless it was overseen personally by one of the head construction men and nothing was done without consultation. The result is clearly shown by the condition of these grade crossings today. Some little repair at intervals has kept them in the good condition and the method has proven highly satisfactory.

Local citizens anxiously await the action of City Council toward bringing about proper repair of the B. & O. crossings in this city, and probably will urge the same kind of crossings as those constructed by the Pennsylvania, and which have been above criticism.

Inaction for damage over farm tractor

Charging the defendant sold plain

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Such letters are received and answered by women only and held in strict confidence.

Plaintiffs claim that they paid \$150

for the tractor, which was to be in good running condition, but defendant had removed certain bronze bearings and replaced them with便宜 metal bearings, causing the tractor to go to pieces when put to heavy farm use. Damage to crops by reason of delays occasioned by the tractor breaking is placed at \$500. John Lo-

gan for plaintiff.

FAYETTE GRAIN CO.

INSTALLS NEW SCALE

Completion of a new set of fifteen ton truck scales was made at the Fayette Grain Company Monday. It is the first set of scales of this kind to ever be installed in Fayette county and marks the advancement of the scale to keep up with the heavier trucking devices of the day.

Any load, no matter how heavy up to 15 tons may be weighed on the new scales.

John McDonald, of the Fayette Grain Company states that the trend of hauling with motor trucks has necessitated the change because of the fact that many farmers are using heavy motors to market their grain.

LADIES AID OF CAMP GROVE

The Ladies Aid of Camp Grove Church will meet Wednesday afternoon with Mrs. Carey Garringer.
